

TOM PIROZZOLI

MUSICIAN • PAINTER

Tom's paintings have a distinctive approach that embraces the palette of Matisse, Rothko's broad bands of color, and the mercurial qualities of American Impressionism. The synthesis of color and his unaffected approach to representation has produced a resonant and evocative body of work.

Tom's work is represented at galleries throughout New England. He has presented numerous one man shows since the 1980's including The Kimball Jenkins Estate, The Banks Gallery, The Nickerson Gallery and Davallia.

Tom's paintings are featured on many of his CD covers, as well as on two John Gorka CD's and one LJ booth CD.
